DATA ENGINEERING DEVOPS

The screenshot shows the Azure DevOps interface for a pull request. The left sidebar contains navigation links: Overview, Boards, Repos, Files, Commits, Pushes, Branches, Tags, Pull requests (selected), Advanced Security, Pipelines, Test Plans, and Artifacts. The main area displays the pull request details for 'Added indian datas.sql to /'. The status is 'Active' and it is proposed by 'azuser2373_mml.local' to merge 'test' into 'main'. The 'Overview' tab is selected, showing a 'No merge conflicts' message and a description. The right sidebar includes sections for 'Reviewers' (No required reviewers, No optional reviewers), 'Tags' (No tags), and 'Work items' (No work items). A 'Complete' button is visible in the top right.

The screenshot shows the 'Complete pull request' dialog box. The 'Merge type' is set to 'Merge (no fast forward)'. The 'Post-completion options' section includes checkboxes for 'Complete associated work items after merging' (checked), 'Delete test after merging' (checked), and 'Customize merge commit message' (unchecked). The dialog has 'Cancel' and 'Complete merge' buttons at the bottom.

The screenshot shows the Azure DevOps interface after the pull request has been completed. The status is now 'Completed'. The main area displays a message: 'Merged PR 2: Added indian datas.sql to /' with a commit hash 'f9d99b26'. Below this, it shows 'No merge conflicts' and the description. The right sidebar remains the same. A 'Delete source branch' button is now visible in the top right.
